WORK EXPERIENCE

Growth Marketer and Automation Analyst — TavCorp

2026 - Present | Remote

- Plan and execute marketing campaigns to drive measurable business growth
- Design and deploy automation workflows to support marketing and business operations

Store Manager and Device Engineer — Mobileplace.NG Gadgets and Accessories, Lagos

2023 - 2026

- Managed daily operations for an iPhone and gadgets retail outlet
- Diagnosed and repaired iPhones, mobile devices, and accessories
- Handled customer service, product recommendations, and after-sales support
- Oversaw inventory management and coordinated with suppliers

PROJECTS

Travel Agency Trip Messenger

Workflow Automation | n8n, Google Sheets, WhatsApp

Automated pre-trip and post-trip WhatsApp messaging for a travel agency with built-in duplicate prevention logic.

NOUN RAG Chatbot

AI Development | n8n, Gemini LLM, Vector Store

AI-powered FAQ chatbot for NOUN students that retrieves accurate answers from a structured university knowledge base using RAG architecture.

Job Application Tracker

Workflow Automation | n8n, Gmail, Google Sheets

End-to-end recruitment workflow that screens applicants, sends tailored acceptance or rejection emails, and notifies HR automatically.

Reputation Feedback Engine

AI Automation | n8n, Gemini LLM, Gmail, Google Sheets

Smart review system that routes positive and negative feedback, alerts managers on repeat negative reviews, and drafts LLM-generated responses to a management dashboard.

Noteify

Web Development | JavaScript, Supabase, Vercel | Live: noteify-eta.vercel.app/app

All-in-one workspace product combining notes, document management, CRM, and task tracking. Currently live and available for sale.
